FOR IMMEDIATE RELEASE

### Sharp Canada Launches New Professional-Grade A4 Printing Solutions

**MISSISSAUGA, ON – MAR 20, 2025** – Sharp Electronics of Canada Ltd. is proud to announce the **BPC131WD Colour Multifunction Printer (MFP)** and **BPC131PW Colour Compact Printer**, innovative new additions designed to meet the evolving needs of today's hybrid work environments.

With security at the forefront, these models are equipped with **advanced safety features** including sensitive **data protection, data encryption, secure data erasure and TLS 1.3 support**. These features ensure protection against network intrusions and result in heightened device security. Additional safety components **include boot verification, automatic firmware updates and end-of-lease data deletion** to guarantee the safeguarding of confidential information.

The **BPC131WD colour MFP** and the **BPC131PW single-function colour printer** are engineered for both performance and sustainability. Printing at **31 pages per minute**, these printers feature an **eco-conscious design**, incorporating nearly **50% recycled plastics** and an **organic low-waste toner system made from plant-based materials**. They are also **Energy Star® certified**, providing advanced power management and low-temperature fusing, offering businesses an environmentally responsible printing solution without compromising efficiency.

Despite their compact size, the **BPC131WD** and **BPC131PW** deliver **powerful performance**, making them ideal for both small and large workspaces. These devices seamlessly integrate with **mobile printing solutions**, ensuring effortless operation in dynamic office settings. Their 4" Class LCD touchscreens enable a user-friendly experience and provides comprehensive premium efficiency.

The **BPC131WD** and **BPC131PW** allow for **easy access to applications and cloud-based services**, such as Microsoft Office direct printing and Cloud Connect capabilities, maximizing productivity and optimizing collaboration.

"Sharp Canada is excited to introduce these new additions to our printer lineup," said **Rolland Manger, Senior Director, Marketing & Business Planning, Sharp Electronics of Canada Ltd.** "With an eco-friendly design, advanced mobile technology, and state-of-

*the-art security features, these printers deliver a smarter, more sustainable printing experience for today's businesses."*

These models are now available for shipping.
